A Bolshevik prisoner questioned regarding the morale of the enemy forces, declared today:

"The soldiers of our regiments are mobilized peasants and the officers are volunteer communists. The spirit of the soldiers is low and everybody is 'fed up' with the communists. It was rumored on the street today that the Graef corner, West Main and Fourth streets, had been sold to the Standard Oil company by Messrs. A. A. Stasel and John A. Chilcote, who obtained possession of the property several weeks ago and that the Standard company would build a filling station on the corner. Stasel stated that J. F. Moore, a well-known real estate dealer and W. D. Fulton of Columbus, had secured a 99 year lease on the Van Voorhis property in West Main street immediately adjoining the Graef property, and that the lessee would build a \$75,000 garage on the site. FRANCE STANDS FIRM FOR REPARATION CLAIM

(ASSOCIATED PRESS TELEGRAM)
Paris, April 5.—(Havas).—France cannot yield on the question of obtaining adequate reparation from Germany, the Matin declares in an editorial today dealing with the peace conference situation regarding the French claims.

"On all territorial questions a satisfactory agreement is being reached," the Matin says, "but concerning the reparation question there is still a gap between what we are owed and what we justly demand. The French government will be unyielding in this matter. It cannot sign a treaty which will mean the bankruptcy of France."

In leading up to this declaration the Matin notes that the French, British and American peoples are still displaying the same friendly feelings as heretofore for one another.

"President Wilson and Premier Lloyd George are of the same heart as regards France," the newspaper continues. "Nevertheless different viewpoints exist as to essential matters by reason of the impossibility of meeting the vanquished pay their debts without imposing sacrifices upon them. Those who dream of peace by condition fear that if asked to pay her debts Germany will protest and cherish plans for revenge. France replies her people will be bankrupt if she does not obtain her due. The fear must not be so much the enemy's resentment but what France will say if she is driven to ruin."

Forest-Service Data.

The data obtained have direct application to many phases of range management, such as intensive range utilization, especially with a view to minimum interference with the requirements of the important forage plants and the utilization of each type of the time and by the class of stock to which it is best adapted. Use of these data is also made in the detection, eradication and fencing of poisonous plant areas, in natural range re-seeding and other range studies.

on the north front of the statehouse grounds. Major General Farnsworth, who commanded the Buckeye division while overseas, reviewed the troops with Governor Cox and members of the general assembly.

Monday the 146th infantry—the organization of which was based on the old Eighth Ohio, with headquarters at Akron—will be here for a parade.

Following today's parade the soldiers were served a lunch in the statehouse grounds. During the late afternoon or early evening the troops will entrain for Camp Sherman where they will be discharged. It is expected that their discharge from the service will be expedited greatly by the fact that practically all of the paper work necessary in this process was done by the officers and clerks while en route home across the Atlantic.

War mothers, wives, sisters and sweethearts of the soldiers witnessed the parade from bleachers erected back of the reviewing stand on Broad street.

Battery C, the Columbus unit of the 134th artillery regiment, and Battery B were not in the parade. They did not arrive at Newark News time to leave with the other units.

Governor Cox and Mayor Kark took breakfast this morning with the officers of the artillery brigade at a local hotel and later extended a welcome to the soldiers on behalf of the city and state from the reviewing stand on Broad street.

This council, he said, had called upon the public to decide what form of government was desired, the answer being a plebiscite in favor of annexation to Italy. On Wednesday he said, the national council of Fiume had unanimously adopted a law by which their city took Italy's flag as the banner of the city.

Signor Barzilai declared that this was the best proof of Fiume's wishes to be joined to Italy, under the Wilsonian policy of self determination and added that the Italian people and parliament, without distinction of party, were determined that Fiume should be a part of the kingdom.

FOOD IS SHORT.

(ASSOCIATED PRESS TELEGRAM)
London, April 5.—The situation in southern Russia has recently become distinctly worse from an allied viewpoint, mainly owing to a shortage of food, according to dispatches to the Press Association. It is not feared that military reasons will compel the allies to evacuate Odessa, but there is a possibility, it is said, that the city will be unable to support an occupying force.

London—Bolsheviks were defeated in four attacks east of Bolshoi-Gorza on March 31 and April 1. Allied casualties slight. Bolshevik losses considerable.

Each name here published represents the purchase or the pledge to buy 100 War Savings Stamps, (April price \$4.15). The organizer of the club receives a charter signed by Gov. Cox and State Director Wolfe for presentation to the soldier upon his return. In the meantime the W. S. S. committee sends a letter to the soldier or sailor giving him a list of the names of those who buy stamps in his honor. Many such letters are now on the way across the Atlantic to France and Germany.

LET US NOT FORGET OR OVERLOOK A SINGLE LICKING COUNTY SOLDIER OR SAILOR. LET'S HONOR EVERY ONE OF THEM.

Anybody is privileged to organize a club. One who starts a club may buy a pledge himself or herself to purchase 100 or up to 200 stamps but the organizer may if he or she wishes buy only a single stamp and then solicit others to complete the club. Each club requires 100 W. S. S. Telephone Auto 23124 or send to W. S. S. headquarters for Bring 'Em Back application blanks. So far only one other county in Ohio has more "Brng 'Em Back" clubs than Licking county. Start a club now for that soldier or sailor friend or relative. If you are not acquainted with any soldier or sailor the W. S. S. committee will give you a list of names from which selection may be made.

This week's cash sale of W. S. S. in Licking county exceeds \$35,000. The total for the year to date is \$159,000. Buy W. S. S. now while they are cheap. They grow in value every month. They are tax free, pay 4.27% interest and may be cashed upon 10 days' notice. W. S. S. never go below par. These features make W. S. S. the world's best investment.

WILL YOU STAND BY THE VICTORS?

Ohio must stand by the victors as it stood by the fighters in the Great War. We dare not forget these boys who have served us so well. They must be fed and cared for, transported home and returned to their old jobs before we have paid our debt to them.

They won the war quickly with the minimum of losses because the enemy recognized the vastness of the preparation. Our money saved our boys' lives.

Of course the expenditures were enormous. They were made in advance of the sale of securities, because the Government knew it could rely on the people.

HONOR IS AT STAKE

Now the bills are coming in! Now the Treasury must have money money! Now the people must stand by the country! The honor of the Nation is at stake!

Your honor, too, is involved. Will you abandon our boys abroad today? Or will you stand by them as you did when they fought?

Then furnish the money to feed them, maintain them and bring them back!

War Savings Stamps will help do it. They are as profitable for you as they are patriotic.

When your honor is involved, will you hesitate to make your money serve in the World's Best Investment?

AMUSEMENTS

AUDITORIUM.

"The Border Legion."
The most virile production of the year—thus did the New York critics and the motion picture public proclaim "The Border Legion," the remarkable picture of Zane Grey's gripping story, when the powerful action-drama of the West, starring Blanche Bates and Hobart Bosworth, scored an instantaneous and continued triumph in its week's presentation at the Strand theatre, New York.

In her brilliant debut on the screen Miss Bates' performance in "The Border Legion" unquestionably equals any of her world-famed achievements on the speaking stage, not excepting even her portrayal in "The Girl of the Year." Miss Bates' first Belasco success, the heart-throbbing incidents of which have their parallel in the stirring situations of her first screen triumph. Remarkably finished, too, is the acting of Hobart Bosworth, a name always associated with all that is forceful and compelling in stage and screen portrayal. Auditorium today for the last time.

"A Fight for Love."

Cheyenne Harry, wanted for cattle-rustling, escapes across the Canadian border not more than two feet ahead of the posse that is chasing him. He drifts to an Indian camp and finds it illuminated by the gracious presence of an Indian maiden whom he immediately favors with his bashful attentions. Then comes Michael, a half-breed whiskey runner, who enters camp with a keg of firewater and a raging fever of jealousy. He tells the Canadian Northwest Mounted Police that Cheyenne Harry is in camp.

Harry leaves the camp in a canoe, which he borrows from a missionary father. As he leaves the water around him is splattered with bullets from the rifles of the police. In due time he arrives at the local store of the Hudson Bay company. Kate, the lovely daughter of the factor or manager, is trying to escape the clutches of Michael, the whiskey runner, who seems to divide his crimson love between the white girl and the Indian maiden.

Above is the story of "A Fight for Love," the Universal feature for Sunday at the Auditorium in which that Western star, Harry Carey is the star.

"Mrs. Leffingwell's Boots."

Constance Talmadge, presented by Lewis Selznick, will be seen at the Auditorium theatre on Monday and Tuesday in her latest Select Picture, "Mrs. Leffingwell's Boots," taken from Augustus Thomas' play of the same name, which was adapted for the screen by Edith Kennedy.

When the Leffingwells receive an invitation to attend a polo match, a discussion arises as to money, but Mrs. Leffingwell promises to restrain herself and stops at the home of her friend, Mrs. Tom Brown. Brown's sister, Mabel, who is engaged to Walter Huntley, a man of wealth, has recently made her home with her brother's family.

Two pairs of curiously embroidered slippers figure prominently in the play. Huntley has purchased a pair to give to Mabel, but when Mabel hears of his actions she breaks off their engagement. Then Huntley gives the slippers to his maid. Mrs. Leffingwell owns a pair just like them, so when Leffingwell chances to pass Huntley's rooms and see a woman reach down and remove a pair of slippers that correspond with the ones his wife wears, he accuses Mrs. Leffingwell of being in Huntley's room.

Double Bill.

Through a previous booking Auditorium picture fans will get a big double program on Monday when two clever lady stars are screened—Constance Talmadge in "Mrs. Leffingwell's Boots" and Enid Bennett in "A Desert Wooing." This is some program and the prices will not be advanced.

"The Auctioneer."

The sale of seats for David Warfield's engagement at the Auditorium next Thursday in his revival of "The Auctioneer," will open Tuesday morning at the box office at 10 o'clock. Mr. Warfield is without question the most popular of American actors, and the high esteem in which he is held by the theatre-going public is reflected in the genuine ovations that are being accorded him since his last season. Even though it is seventeen years since this gentle and amusing character was first revealed to the public, its appeal has in no way suffered by the lapse of time. Mr. Warfield's embodiment is a performance of the highest type, appealing not only to the artist's eye but to one's belief and human sympathy as well. Mail orders now.

GRAND Monday.

A brilliant cast surrounds Sessue Hayakawa in his new play, "The Tempest." "The Tempest" was produced by his own company, the Haworth Pictures Corporation and released by Mutual. The leading roles are handled by Sylvia Bremer and Jane Novak, two of the most beautiful young women in pictures who have appeared in numerous successful productions. Henry Barrows, an actor of wide experience, interprets an important role and Mary Jane Irving, the little four-year-old tot, is an important factor in the play.

Both Miss Novak and Miss Bremer have a large following among motion picture "fans." Each is a beauty. Miss Novak is a striking blonde while Miss Bremer is an attractive brunette.

ALHAMBRA.

"The Spender."
"The Spender," the Metro play which will be the feature at the Alhambra theatre Sunday, and in which the newest favorite of the screen, Bert Lytell, will be seen, is one of the cleverest, most amusing and entertaining comedies of the season. The plot, which was adapted from the story of the same name by Frederick Orin Bartlett, published in the Saturday Evening Post, centers around two men—Dick Bisbee, young and vital to whom life means enjoyment, and the other, "Tightwad," a big, old and misanthropic. The young man has no money to buy the good things of life while the older one possesses a million but has lost the art of happiness in his greedy search for gold.

Dick, played by Bert Lytell, conceives a plan whereby he can help his uncle, old "Tightwad," back to youth and enjoyment and in return reap some rewards himself—mainly a home for the girl he loves and is going to marry.

A comedy, "Whose Little Wife Are You?" is also shown.

"The Man Hunter."

There are a dozen "big moments" in the new William Fox feature, "The Man Hunter," which will be shown at the Alhambra theatre Monday and Tuesday. The first comes quickly on the screen. It is a most realistic fight in the beautiful London apartment of the man who has tricked George Arnold into poverty. The battle of these two men, in the background of

which sits a beautiful girl, wrecks not only the furniture but the staturary, and in this confusion Arnold also battles with the police.

Another big moment is seen on the trans-Atlantic pier in New York where Arnold is working as a longshoreman. He sees going aboard the vessel, arrayed in fine clothes, the man who has robbed him. He leaps after the object of his hatred like a madman, only to be thrown sprawling on the pier by the officers of the ship, and he lands bruised and bleeding at the feet of his false friend's stylishly dressed companions.

A comedy is promised Monday.

"Whose Little Wife Are You?"

In the numerous novel scenes that make "Whose Little Wife Are You?" the latest Paramount-Mack Sennett comedy, a most notable picture, the famous Sennett beauties are conspicuously present, the result being a delightful entertainment. "Whose Little Wife Are You?" will be shown at the Alhambra theatre tomorrow and Monday. The story of the farce deals with a druggist who is infatuated with a pretty maricuriest despite the fact that he is married, and whose son becomes his rival. Then there is something doing every minute as the sequel shows. The irate and jealous parent throws his aspiring son into the Pacific ocean, but when the boy threatens to become food for the fishes, his story heart relents and he drags him out again.

"Smiles."

Jane and Katherine Lee, those two little William Fox funmakers, are coming to the Alhambra theatre in another uproarious comedy called "Smiles." The first showing of the picture will be on next Wednesday and will be continued for two days.

One of the big features of this play is due to the fact that chubby Jane and golden-haired Katherine are sent from one place to another by parcel post. Jane, of course, has to smuggle her dog into the parcel post bag.

Next Week.
When Charles Emerson wrote "Suffragettes," in which the Hoosier Girls will make their debut in Newark, he overlooked a great possibility, not that Mr. Emerson did not turn out a most creditable piece, for just that he did, but like other things of the stage he omitted a musical score that might have been used to good advantage. A companion piece to "Suffragettes" has been written and it has music galore. "The Chocolate Soldier" is the title that has been given to the Hoosier Girls come to Newark highly recommended. PLAN ROUTE FOR BATTLE TANKS

Committee Asks if County Bridges Will Support the Heavy Machine.

Three 10-ton army war tanks are to tour Licking county on Monday, Tuesday and Wednesday, April 23, 24 and 25. They will enter the county at Centerville, thence to Uniontown and from there to Newark. The tanks will probably remain in the city over night and street meetings will be held if the weather is favorable as Liberty loan speakers will accompany the tanks as well as bond salesmen who will offer their services to the local committees. From Newark the tanks will proceed to Granville, Alexandria, Johnstown, Pataskala and Pleasantville, Fairfield county. At each of those places stops will be made and brief, crisp talks will be made in the interest of the fifth Liberty loan.

County Clerk Leo T. Davis received a long-distance call from the central Liberty loan committee today asking if the bridges of the county were in condition to support the weight of the tank in crossing over the floors of the same. Clerk Davis consulted with Commissioners, Maple avenue, Lamo, C. F. Cracken and was advised by them that it would be perfectly all right to bring the tanks to this county as all bridges were in good condition and would support the tanks.

To The Liberal Hearts of Newark

You have read of the sad tragedy that has happened in our midst, when in a rage two men quarreled and as a result, one is dead and the other is charged with his death.

The poor wife, nor the 9 children had anything to do with it, but they are in want, for they were dependent on the father's wages for a living—now that he is gone—WILL THEY LIVE?

Think of This Sad Case

In talking with Chief Sheridan yesterday, he said it was a sad affair and THEY NEED HELP.

I for one am starting a little fund for this poor grief stricken MRS. HENRY ADAMS and NINE CHILDREN.

I start it off with \$25.00 and also will give the family a benefit on NEXT TUESDAY. Part of The Proceeds of both THE AUDITORIUM and ALHAMBRA THEATRES will be added to this fund.

NOW FRIENDS IF YOU THINK THIS A WORTHY EFFORT—KICK IN. Mail your check or hand in the coin. No matter how small. Buy tickets for Tuesday to both Theatres, lets make THE BALANCE OF THE ADAMS FAMILY HAPPY and TRY to keep them going until the mother gets her bearings.

IF THE ABOVE APPEALS TO THE READER, TELL YOUR FRIENDS, YOUR NEIGHBORS, IN FACT EVERYBODY about the big benefit that is for a good cause and if's for something AT OUR OWN DOOR.

ought after the armistice was signed
a country could go back to the old

But there are deeper reasons why we must continue to practice thrift. A. M. Miller of the federal reserve board intimates the credit and currency inflation of the country at some \$6,000,000,000, which he means that our country is currently over and above the actual necessities of our industrial growth. Inflation is one of the chief reasons why prices are high. The money in circulation, but goods are

the same connection it is estimated that \$4,000,000,000 in government bonds are being carried in or by the banks, and the government will probably have to borrow at least \$7,000,000,000 more to meet our expenditures for the remainder of the fiscal year. The remainder of the fiscal year is \$13,000,000,000 in public securities will have to be taken up by genuine saving. If our financial and credit system is to be sterilized of the taint of inflation at present upon it. And if we fail to take prices are likely to go higher with the increase in the cost of raw materials, not mention industrial disorders. We haven't begun as yet to pay our war bill. We cannot pay it by some financial locus pocus. The only way we can discharge the obligation is to increase thrift. Liberty bonds and savings bonds and deposit all the money we can save in the bank.

DICTATOR DEBS.

(Pittsburgh Gazette Times.)

Eugene Debs has aspired to it if he has not already achieved the distinction of being the Great American Intransigent. He refuses to be reconciled to the laws of the land which guarantees life, liberty and the pursuit of happiness for all, which defend him; which have attracted the weak and oppressed, as well as the strong and self-reliant, of all nations, and which have made the United States what it is today. Debs is tired of violating the espionage law, which violation he admitted. His trial from conviction was carried to

United States Supreme Court, which ruled that none of the legal guarantees had been denied him. He appealed again to the same court for a rehearing, but the court refused to hear him, "unless something further can be done, the program of the (Socialist) Party to tie up the country in a general strike will be fulfilled. I am prepared to fight to the end."

Socialism has already fought to the end, which is the prison door, because which a verdict of his peers and a sentence of the court provide that he shall be held for a period of 10 years, unless he still has some sympathizers, but they will not do up the program of the Party, which is the end of the party, who would place him above the law, was never more out of place in the world than he is today.

AMERICA'S IMMORTALS

GEORGE G. McMURTRY,
Captain, 308th Infantry.

Captain McMurry received the Distinguished Service Cross for conspicuous gallantry in action at Charlevaux, in the Forest d'Argonne, France, October 2 to 3, 1918. Captain McMurry commanded a battalion which was cut off and surrounded by the enemy and, although wounded in the knee by shrapnel on October 4 and suffering great

pain, continued throughout the entire period to encourage his officers and men with a resolute optimism that contributed largely toward preventing panic and disorder among the troops who were without food, cut off from communication with our lines. October 4, during a heavy barrage, he personally directed and supervised the moving of the wounded to shelter before he himself sought shelter. October 6 he was wounded in the shoulder by a German grenade, but continued personally to organize and direct the defense of the German position.

defense against the German attack on the position until the attack was defeated. He continued to direct and command his troops, refusing relief, and personally led his men out of the position after assistance arrived, before permitting himself to be taken to the hospital October 8. During this period the successful defense of the position was due largely to his efforts. His wife is at 22 East 70th street, New York.

to establish tranquillity in that country. It will soon prove itself. The Soviet is what the Russians want, let us treat with it and make it a success. If it goes against the grain of humanity it will defeat itself. You can never fix up anything to stay unless it is just. If it is wrong it will tumble to pieces before long. To this treaty situation the opinion of the peace moguls at Paris is tending. It is thought to be the greatest step in the solution of the European crisis, and may prove a harbinger toward the pacification of the Hungarians, who seem to be spitting more fire at us in a week we will know more than we do now. I am sure there is even the foreign cor-

Exercise For Stoutness.

For stoutness take these exercises. Lie on the back with the hands at the sides, arms stretched full length, outline a sawing circle, measure it as large as you can possibly stretch your leg. Without resting the leg swing at least twenty circles and then stretch the right leg full length on the floor and repeat the exercise with the left leg. The next day increase the circles to twenty-five and add five each day until the hundred mark is reached. When you swing a hundred with each leg, raise both legs at once and swing circles alternately, yet in perpetual movement, that is one for the highest point when the other is pointed at the lowest side of the circle. This is not an easy thing to do and the mind must be concentrated on the exercise in order to secure a steady movement which will give results. This exercise is designed to reduce the hips and the difference will be plainly visible in a week's time.

For exercise number two lie face downward on the floor with the hands and knees together and the hands side by side in front with the chin and palms down. Take a long breath while counting, inhaling through the nose and holding the breath while lifting the full weight of the body once on the palms of the hands and toes. Now let the body down lightly upon the floor and exhale through the mouth while counting six. Rest in this position for a moment before taking a second lift, and this time try to raise the body twice while holding the breath. This will be difficult at first and the patient need not be surprised if she becomes a little lame or stiff. The inconvenience will wear off about the third or fourth day. This exercise will reduce the hips.

LEGISLATORS REMAIN TO GREET SOLDIERS
(Associated Press Telegram)
Columbus, April 5.—The Ohio branches of the legislature adjourned last night until Monday evening, most of the members remained in the capital to participate in the home-coming celebration of troops of the 37th (Ohio National Guard) division. They witnessed the parade from a stand erected in Broad street at the north entrance to the capitol.

Rural "traffic cops" may be a certainty of the senate acts favorably on the Reynolds bill passed unanimously by the house last night. The measure authorized county commissioners to appoint traffic officers to enforce state traffic laws, especially those pertaining to weight of loads hauled on the public highways, outside municipalities.

A bill introduced by Representative Foster of Coshocton would prohibit aliens using the name "United States of America," or any abbreviation or derivative of those words, in their business.

Both houses have now passed bills to re-establish the national guard—the house, the Scott bill, and the senate, the Jones bill. The two bills now will be combined into one and finally passed through each house. Co-authorship will be designated.

GRANVILLE
(Special to the Advocate.)
Granville, April 5.—The Buxton House was the scene of unusual festivity Friday evening at which time the Junior class of Denison held its spring banquet. The historic old dining room was filled to capacity, the menu was most satisfying, the tables artistically decorated, and a delightful musical program was given during the evening by J. W. Hundley and Stanley Willer. Following the dinner, several interesting talks were enjoyed by the company at the call of the toast master, Waldo Wood. The program was as follows:

"Nineteen-twenty Characteristics"—Arthur Layden.
"Fallen Plaster" (in verse)—Miss Ava Ballou.
"Blue and White"—Miss Freda Rummell.
"Service Stars"—Charles Nixon.
"Bubbles"—Miss Gladys Miller.
"The Adytum, Our Book"—Miss Elsie Taylor.

"Clash Prophecy"—George Wolf.
"From Revellie to Taps"—George Harwood.
"Juniors, Forty-two Years Ago"—Prof. C. L. Williams.

David E. Owen gave the class a new motto: "Not to be ministered unto, but to minister."

Granville is enlightened today by the arrival of representatives of O. S. U., W. W. U., and Wittenberg to the district convention of Phi Gamma Delta. The closing incident will be the banquet at the Phi Gam house tonight.

Prof. W. J. Livingston, director of athletics in Denison university, went to Columbus Friday where he is attending the preliminary conference of the Big Six in regard to rules and schedules of track athletics. The Denisonian says that "by virtue of his amazing success, Livingston stands out as one of the three greatest basketball coaches of the West and one of the greatest in the United States; Denison's record ranks him with Ralph Jones of Illinois and Cooke of Minnesota, the best court coaches in the west."

Miss Mary Frances Deming, who is attending school in Washington, Pa., will leave on Monday to resume her studies after a two weeks' vacation with her parents, Mr. and Mrs. H. W. Deming.

Tonight the social events will take place among the students; the annual Barton hall party, and an informal reception to Denison men at the Chi Psi Delta sorority house.

Mrs. Russell Griffith, Miss Anna Inglis, Mr. and Mrs. Fred Buxton are among those who have motored to Columbus to meet the boys of the 37th, who arrived there yesterday.

Prospects for baseball at Denison this spring are brightening daily. Nine of the old "D" men are reporting for practice and an abundance of new material will soon present itself. While the infield is assured and the outfield is doing well, there is a dearth of pitchers which it will be the chief duty of the coach to fill. The first game is scheduled for April 25, Wooster at Wooster, and the first game on the home diamond is on May 2, vs. Akron.

Prof. C. D. Coons, head of the department of physics in Denison is announced as speaker at the next meeting of the Scientific society which is to be held next Tuesday at 7 p. m. in the physics lecture room, and the topic of his address as "Statistical Studies in connection with the Work of the Local Draft Board."

Mr. and Mrs. Nelson Rupp are visiting old college friends for a few days. William G. Lewis, former Denison student and member of Sigma Chi fraternity, who has been in army service in France as a Y. M. C. A. canteen worker, will be retained in that capacity over there. A visit from his mother, Mrs. C. T. Lewis of Toledo, will brighten and cheer the loneliness of this willing worker, who has been through some of the most soul-stirring experiences.

In the Baptist church Sunday, Dr. C. L. Williams will preach for both morning and evening services at 10:30 a. m. and at 7 p. m. Students' Bible school.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a bilious complexion — dull, sagging eyelids, your eyes rimmed with black — dark spots in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action

oyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.
